The Commissioner & Land Acquisition Officer,

Sir,

Re - L 1-P.R 78/54-55

Regarding the acquisition of my lands S Nos 151 and 154 in Dodda Baikkhana Village, Bangalore North Taluk, Kasaba Hobli, for purposes of continuing Albert Victor Road and joining it to the Tank Bund Road, 18th Division, Bangalore City, I beg to state as follows -

1 I understand from your notice that you are proposing to acquire portions of my survey Nos 151 and 154, to the extent of about 1,466 2/3 and about 316 2/9 square yards respectively for the formation of the said road, including also a stone revetted well Hence it is quite obvious that the remaining portions of the said survey Nos- will become practically useless and thereby cause considerable loss to me

2 The lands that are now sought for acquisition by you are very valuable in view of their vantage situation These lands are situated in a prominent and busy area of Bangalore City, quite close to the Market, Cinema Houses and Hospitals etc , and are, therefore, very well suited for construction of buildings and shops etc , more so, because, there are alsready several houses and shops around them These lands were in a Banjar state when they were purchased by my father about 30 years ago, and since then my father and myself have spent a lot to improve the said lands and make them fit for garden-cultivation and for growing many valuable fruit trees and flower plants We have also sunk a beautiful stone revetted well with picota and also raised tiled-roofed buildings and the entire lands were wire-fenced on all sides

3 The measurements of the extent of land notified for acquisition are not accurate

4 In case, therefore, you are going to acquire the said lands, I hereby claim a compensation at the rate of Rs 20/- per

(5)

per square yard which is very reasonable in view of the fact that the Municipality of the City of Bangalore have themselves sold the neighbouring plots at an average rate of about Rs. 35/- to Rs 45/- per square yard recently

5 I claim a sum of Rs 3,000/- as compensation for stone revetted well which is nearly 45 feet deep

6 I also claim a compensation at the rate of Rs 20/- for each fruit bearing tree and at the rate of Rs 5/- for each flower plant as well as vegetable plant.

7 I, therefore, request you kindly to award the compensations as rated above with the usual statutory allowances.

SUBJECT - Acquisition of certain properties in 18th Division for continuing Albert Victor Road and joining it on to the Tank Bund Road - objection petitions of 1) Smt Fatimabi owner of 38/42, Ranoji Rao lane, 2) Sri Abdul Rashid, onwer of 150/153, (3) Sri G Gurubasappa on behalf of Mariswamy Mutt

---

; of the 7 properties proposed for acquisition and notified in Gazette Notification No L 4795-C M 1-55-24 dated 22nd July 1955, the following owners of properties filed certain objections on measurements notified in the Gazette -

1 Smt Fatima Bi, owner of 38/42, Ranoji Rao Lane

2 Sri Abdul Rashid owner of 150/153

3 Sri G Gurubasappa on behalf of Mariswamy Mutt

The objection petitions have been examined and the properties remeasured in the presence of the parties

1) Objections and findings at spot of the property 38/42, owned by Smt Fatima Bi -

The owner of property No 38/42, states in the objection petition filed that the building is a pucca building On inspection it is found that the building is not a pucca building The building is an old structure built with raw bricks The measurements stated in the objection petition tallys with that appearing in the Gazette Notification The whole structure measuring 48' x 12' is classified as old mud structure and the description appearing in the Gazette Notification is correct There is a well situated towards northside and the proposed acquisition of 12' width in this property avoids the well and as such there is no necessity to include the well as it is serves no purpose The original Gazette Notification and valuation in respect of this property remains unaltered

2) Objections and findings at spot of property in S No 151 & 154, belonging to Sri Mariswamy Mutt and objections filed by Sri Gurubasappa on behalf of Mariswamy Mutt -

S No 154 - A portion of S No 154 of Doddabylakhana village measuring $\frac{50' \times 7'}{2} \times 100'$ = 316-2/9 sq yards have been proposed for acquisition and notified in the Gazette One well 12' dia and 25' depth and roveted is also included

p t o

Sri Gurubasappa on behalf of Sri Mariswamy Mutt has filed objections to the effect that the land proposed for acquisition is valuable in view of its location and is requesting for enhanced rate of compensation at Rs 20/- per sq yard A rate of Rs 4/- per sq yard is proposed in the valuation statement

The land in question is garden land and is irrigated by well water and only flower plants are being raised The land is revenue land and unconverted It is considered that the rate of Rs 4/- per sq yard provided in the valuation statement is too high (and at this rate is works out to Rs 19,360/- per acre) A rate of Rs 12,000/- per acre i e Rs 2-8-0 per sq yard is considered quite reasonable

The depth of well is stated to about 30' There is one tree which is fruit bearing and the drumstic trees are negligible

The valuation statement is revised on above lines

S No 151 The land proposed for acquisition is garden land. This is revenue land and unconverted A rate of Rs 4/- per sq yard is provided in the valuation statement This rate is too high and a rate of Rs 12,000/- per acre i.e , Rs 2-8-0 per sq yard is considered reasonable and the valuation statement is revised accordingly The measurements notified in the Gazette are found to be correct

(3) Objections and findings at spot of property in 152/2 owned by Sri Abdul Rashid

The measurements of the property notified for acquisition have been verified and found to be correct The land in question is revenue land

Regarding other structures mentioned in the objection petition, they are found to be unauthorised constructions of temporary nature and as such have not been included On verification, it is found that these temporary structures have been temporarily been allowed to remain by the Corporation As such the applicant's claim for these unauthorised temporary structures is not tenable Further these structures are on revenue land and unconverted

The depth of well is stated to be about 30' and the valuation

contd

(11)

valuation statement is revised accordingly

The parties may be ~~xx~~ informed accordingly

G E N E R A L.

It is seen that the valuation statement was prepared in the year 1954 The value of land in the locality have varied considerab A rate of Rs 10/- has been provided in the valuation statement prepared in 1954 As the land is situated in the heart of business place and in view of the importance of the locality and in view of the prevailing market rate of land in the vicinity, a rate of Rs 20/- per sq yard is considered reasonable for land within Corporation limits in this locality

The valuation statement is revised accordingly and put up herewith, for kind approval and further needful
